

## Candidate Statement for Alamo ISSA Officer Board Member

Board Position: Communications Director

Name: Paul Guido

Email Address: Paul.Guido@Broadway.Bank

Current Job Title/ Description: Senior Network Security Engineer

Bio Description :

Born and raised in San Antonio, I have 20 years of IT Security experience in the financial services industry at Broadway National Bank. I manage and administer network security operations, public key infrastructure, incident response and business continuity planning and testing with all members of the Information Technology department. In collaboration with Enterprise Risk Management, I contribute to the strategy, vision, technical design, testing, deployment, administration, compliance, and decommissioning of information systems and security solutions. Throughout my IT career, I have made security a focus of every task performed.

I am a member of the Alamo ISSA Chapter, (ISC)2, FS-ISAC and on the San Antonio InfraGard Board of Directors. Currently, I hold current certifications for Solarwinds SCP, GIAC GISP, (ISC)2 CISSP and (ISC)2 CCSP. Also, I am a Solarwinds MVP on their user community website.

Statement of Interest: As a board member of the San Antonio Infragard, I currently assist in the coordination of board meetings and would like the opportunity to bring these skills to the Alamo ISSA meetings.

Goals if elected to position: Securing the website with an TLS certificate and move the organization to an independant domain (alamoissa.org). Timely notifications of meetings, regular maintenance of the email list and the collecting and dissemination of news and events via Twitter, LinkedIn, email and the updated chapter web site.
